

Warranty Policy

This Street Furniture Australia (SFA) Warranty Policy applies to products manufactured after 1st November 2015.

1. WHAT IS COVERED BY THIS WARRANTY POLICY

SFA warrants that new products purchased either from SFA direct or through authorised distributors, which are still in the possession of the initial purchaser, will be free from defects for the warranty period, subject to the terms of this Policy.

A product may be defective if Street Furniture finds that it is non-conforming in material or workmanship and if the non-conformance materially impairs the performance of the product having regard to the purpose for which it was designed and the limitations stated below.

SFA will, in its unfettered discretion, either repair or replace the product.

2. WARRANTY PERIOD

The following warranty periods apply to SFA products and commence on the date when the product is supplied:

PRODUCTS	APPLICABLE WARRANTY PERIOD
Standard Products (per technical data sheets)	Three (3) Years
Drinking Fountains	One (1) Year
Special Products	One (1) Year

Service parts used in repairs pursuant to this Warranty Policy carry the remaining balance of the repaired product or one (1) year, whichever is greater.

3. HOW TO CLAIM UNDER THIS WARRANTY POLICY

Please send written notice of the defective product including the date of purchase, product details and the nature of any defect to Street Furniture Australia PO Box 417 Chester Hill NSW 2162 or info@streetfurniture.com.

4. LIMITATIONS

This warranty will not cover products that:

- A. include customer-specified materials or finishes that are not part of SFA's standard product range at the time of manufacture;
- B. are not installed and maintained as recommended in SFA's written installation and maintenance guidelines;
- C. have not been used in accordance with any applicable usage guidelines;
- D. have been misused or usage is in excess of normal wear and tear;
- E. have been damaged for example as a result of collision, theft or vandalism; and/or
- F. are manufactured by a third-party supplier and then resold by Street Furniture without incorporating any Street Furniture manufactured product into the third party product.

Finishes on SFA products are updated periodically to respond to the demands and changing preferences of our customers. As a result we may discontinue some finishes before expiration of the Applicable Warranty Period and do not guarantee that any replacement product or part will be identical to, or match the finish of, the original.

5. AUSTRALIAN CONSUMER LAW

- Our goods come with guarantees that cannot be excluded under the Australian Consumer Law (ACL). Under the ACL you may be entitled to:
 - a replacement or refund for a major failure and compensation for any loss and other reasonably foreseeable loss or damage; or
 - have the goods repaired or replaced if they fail to be of acceptable quality and the failure does not amount to a major failure.
- This Warranty Policy gives benefits that are in addition to other rights and remedies under laws which may apply to the goods.

6. OTHER CONDITIONS

Consequential Damage

Street Furniture Australia will not be liable for any claimed loss or damages to ground coverings, walls, foundations, fixtures or any other consequential loss due to any defective product.

Not Covered

The warranty does not cover product assembly or disassembly charges, visits or calls by specialised technicians, costs incurred by the customer to remove or reinstall products or costs associated with the unavailability of the product.

Natural Materials

Any imperfections in finishes or in natural materials used should not be considered as faults but a typical characteristic of these crafted products. Any imperfections deemed faulty need to be identified within four weeks of delivery and feedback provided to Street Furniture Australia. Timber as a natural material, if not maintained using an effective protective coating, is vulnerable to climatic conditions and may split or deform. It is the client's responsibility to check monthly that the effectiveness of the protective coating being used is preventing the timber from drying and consequently failing, and to reapply the coating earlier if required.

Qualification

In the case of products requiring only minor rectification under warranty, Street Furniture Australia reserves the right to supply on a "parts only" basis to the customer where appropriate. Parts may include: battens, fixings, valves etc.
