go smart

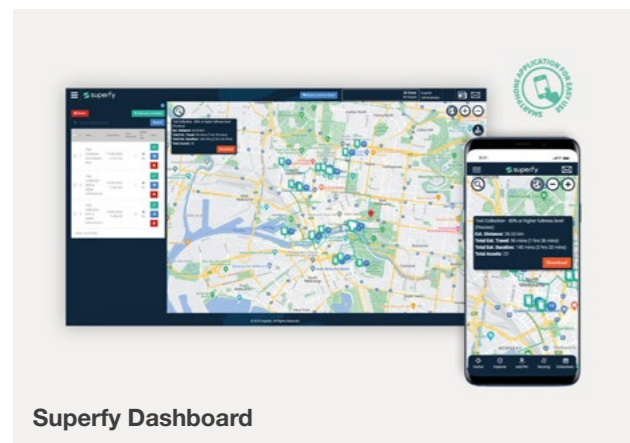

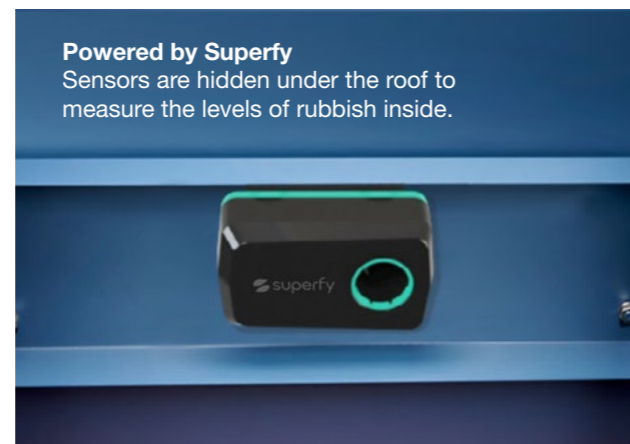

Escola eBin is a low-risk way to trial smart bins. Each bin enclosure is fitted with a Superfy sensor to let you know when it is full or reaching maximum capacity. You will also know when it was last emptied, and receive fire alerts for increased safety.

Using Superfy sensor technology, all the data is laid out in an interactive map so even the most remote locations can be managed with ease.

Each Escola eBin comes with 12-month access to the Superfy application available via desktop or phone. The access period can easily be extended directly through Superfy.

Escola eBin saves money, time and the environment. It is a simple and low-risk solution to add smarts to waste management.

All in Escola's popular compact footprint, which reduces visual clutter on the street.

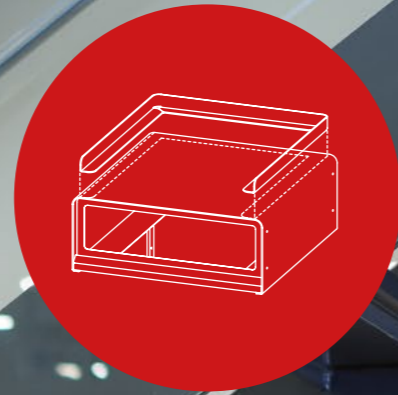

How to activate your bin

- Step 1 | Swipe the magnetic key to activate the sensor. A single 'beep' indicates activation.
- Step 2 | Download the Superfy app or access the dashboard on a web browser.
- Step 3 | Log in with the account details provided.
- Step 4 | Start tracking and customise your dashboard.

Add a tray return attachment for food court environments.

frequently asked questions

How durable are your products?

Street Furniture Australia's products are designed and proven to last decades with correct maintenance.

What is your warranty period?

Standard products are warranted for 3 years, and tailored products for 1 year. Our policy can be found at streetfurniture.com/warranty

How do you maintain timber?

Re-oiling is recommended at least every 3 months, depending on site conditions. For a timber look with minimal maintenance we also offer aluminium woodgrain Wood Without Worry battens.

Do you sell spare parts?

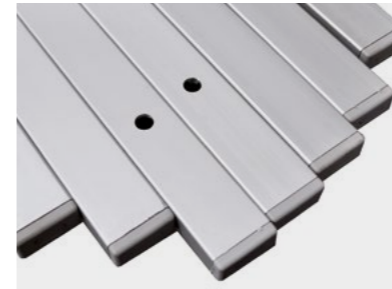

Street Furniture Australia ensures that customers are able to purchase spare parts for the entire life of the product, or for a period of up to 5 years after the product has been discontinued.

We believe our responsibility to customers lasts long after installation.

Street Furniture Australia uses sustainably sourced timber from certified managed forests.

aluminium battens

Standard sections include 40x20, 63x30 and 85x30.

Choose from anodised, powder coated or aluminium woodgrain. More colours can be found on streetfurniture.com/au/colour-chart/

hardwood battens

Standard sections include 40x20, 63x30 and 85x30 (mm).

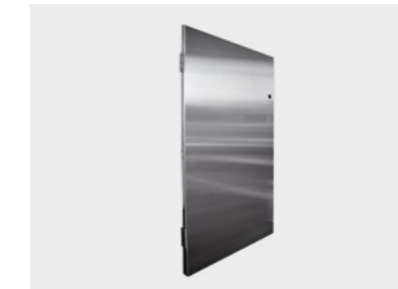

Eco-certified hardwood oiled.

castings

Roofs, lids and bases. More colours can be found on streetfurniture.com/au/colour-chart/

panels

Doors and panels for 120L and 240L bin enclosures. Choose from stainless 304 or 316 No.4 brushed, powder coated or aluminium woodgrain. More colours can be found on streetfurniture.com/au/colour-chart/

signage

Laser etched plate signage. Standard shown as above, or request the template for a tailored design (fee applies).

liner

Poly and galvanised round liners for 55L and 80L bins.

keys

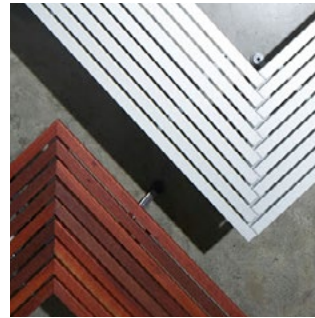

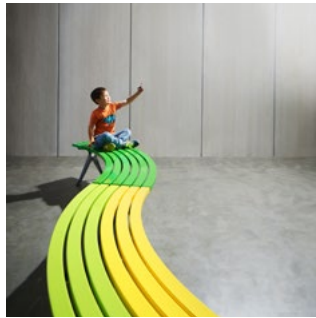

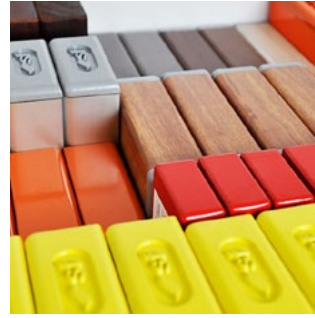

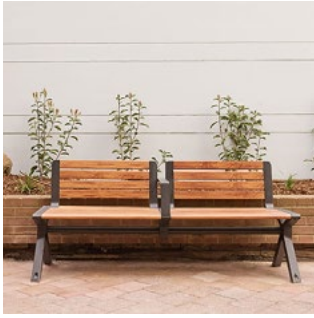

Street Furniture™ Triangular 7mm key for slam lock.

wheelie bin

Wheelie bins (120L or 240L) can be purchased separately.
