

Litter Solutions

The Evolution of Bins

A well-designed bin does far more than just collect waste, it directly affects the experience of the entire public realm, shaping how clean, welcoming and thoughtful our shared spaces feel.

Developing bins since the 1980s, our journey reflects a continuous commitment to functional innovation, modern aesthetics and durable craftsmanship.

Frequently asked questions

How durable are your products?
Street Furniture Australia’s products are designed and proven to last decades with correct maintenance.

What is your warranty period?
Standard products are warranted for 5 years, and tailored products for 1 year. Our policy can be found at streetfurniture.com/warranty

How do you maintain timber?
Oiled wood needs re-oiling every 3 months, while raw wood can be left to silver naturally. For a wood look with low maintenance, choose Aluminium Woodgrain (also known as Wood Without Worry).

Do you sell spare parts?
Street Furniture Australia ensures that customers are able to purchase spare parts for the entire life of the product, or for a period of up to 5 years after the product has been discontinued.

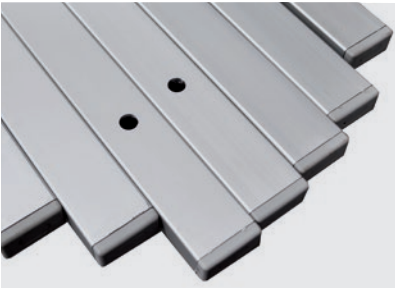

We believe our responsibility to customers lasts long after installation.

Eco-certified wood* battens

Standard sections include 40x20, 63x30 and 85x30 (mm).
- WoodPlus Engineered Wood, Raw or Oiled (FSC)
- Hardwood, Oiled (PEFEC)

Low-carbon aluminium** battens

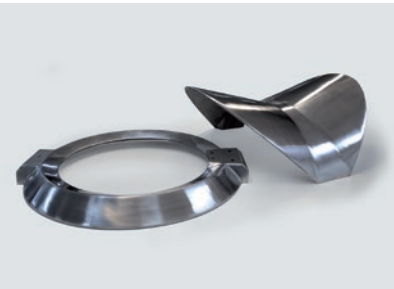

Standard sections include 40x20, 63x30 and 85x30.
Choose from Woodgrain, Powder Coated or Anodised aluminium.
More colours can be found on streetfurniture.com/au/colour-chart/

Ash Box

Ash Box AC5 3L (1000 butts)
120W x 110D x 225H mm
4 3/4” W x 4 3/8” D x 8 7/8” H
Mount: Wall & Bin
Security key operated

Castings

Roofs, lids and bases.
More colours can be found on streetfurniture.com/au/colour-chart/

Panels

Doors and panels for 120L and 240L bin enclosures.
Choose from stainless 304 or 316 No.4 brushed, powder coated or aluminium woodgrain. More colours can be found on streetfurniture.com/au/colour-chart/

Signage

Laser etched plate signage. Standard shown as above, or request the template for a tailored design (fee applies).

Liner

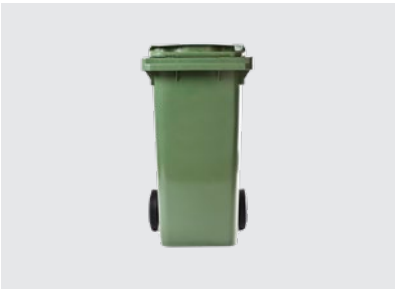

Poly and galvanised round liners for 80L bins.

Keys

Street Furniture™ Triangular 7mm key for slam lock.

Wheelie bin (USA only)

Wheelie bins (120L or 240L) can be purchased separately.

**Oiled wood needs re-oiling every 3 months, while raw wood can be left to silver naturally. For a wood look with low maintenance, choose Aluminium Woodgrain (also known as Wood Without Worry).*
***Low-carbon Aluminium is produced using renewable energy instead of fossil fuels and is infinitely recyclable.*

Go smart with eBin

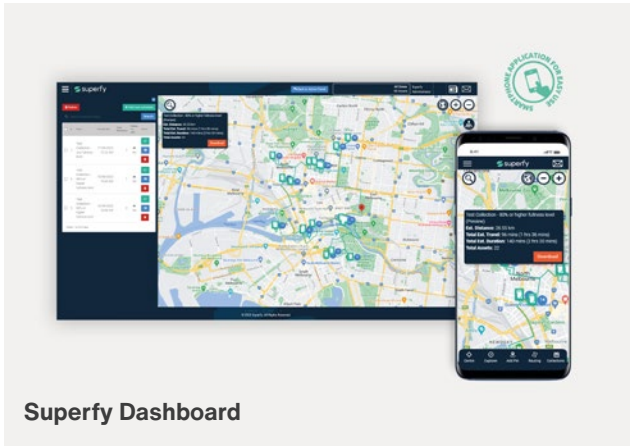

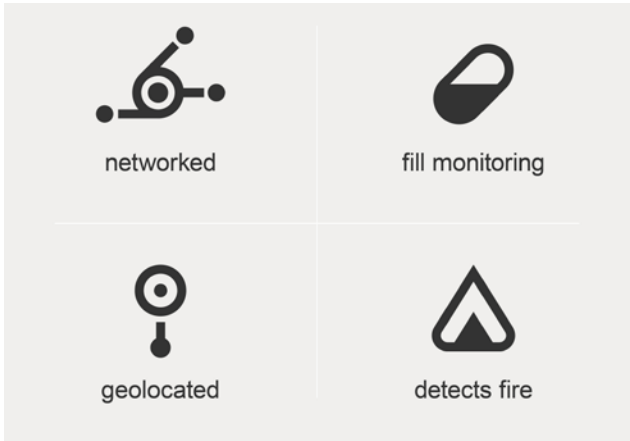

eBin is a low-risk way to trial smart bins. Each bin is fitted with a Superfy sensor to let you know when it is full or reaching maximum capacity. You will also know when it was last emptied, and receive fire alerts for increased safety.

Using Superfy sensor technology, all the data is laid out in an interactive map so even the most remote locations can be managed with ease.

Each bin with eBin comes with 12-month access to the Superfy application available via desktop or phone. The access period can easily be extended directly through Superfy.

eBin saves money, time and the environment. It is a simple and low-risk solution to add smarts to waste management.

eBin is available with Linea Bins, Aria Bins and Escola Bins.

How to activate your bin

- Step 1 | Swipe the magnetic key to activate the sensor. A single 'beep' indicates activation.
- Step 2 | Download the Superfy app or access the dashboard on a web browser.
- Step 3 | Log in with the account details provided.
- Step 4 | Start tracking and customise your dashboard.

Escola eBin 120L (WBE-EBIN120) in Textura Deep Ocean, Rectangle insert in Lobster Red, Circle insert in Brilliant Yellow.

Each eBin can be laser etched with eBin graphics or custom graphics of your choice.

07

Colours & Finishes

All colours are applied in our factory and quality controlled to ISO and EFSG standards.

Batten Options

Battens come in 40 × 20 mm (1.57 × 0.79 in), 63 × 30 mm (2.48 × 1.18 in), and 85 × 30 mm (3.35 × 1.18 in) profiles. Aluminium battens are available in a wide range of finishes, including Woodgrain (Wood Without Worry), anodised, powder coated in a single colour, or powder coated in multiple colours.

Eco-certified Wood

Wood is only sourced from certified managed forests.

NEW Engineered Wood *FSC Certified*

Compressed fast-growing tree fibres that looks and performs like hardwood.

Hardwood *PEFC Certified*

Australian native hardwood with a contemporary aesthetic.

Oiled wood needs re-oiling every 3 months, while raw wood can be left to silver naturally. For a fade-resistant, low-maintenance timber look, choose Aluminium Woodgrain (also known as Wood Without Worry™).

Low Carbon Aluminium

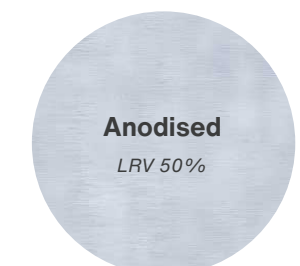

Aluminium is produced using renewable energy and is infinitely recyclable.

Aluminium Woodgrain (Wood Without Worry)

'Set and forget' timber alternative requiring only an occasional wash down.

Aluminium Anodised

Crisp metallic finish with cooling properties for hot summers and minimal maintenance.

Powder Coat Options

Powder coating is available for both battens and frames. Finishes include Matt, Satin, Gloss and Textura. Textura is a textured, anti-mar finish that provides added protection.

Earthy Pastels

A colourful palette inspired by nature. UV stable and fade-resistant.
