Eco-certified WoodPlus raw battens, Palladium Silver frame, wall-fixed.
635W x 1930CL x 340H | 25" W x 76" H x 13 3/8" L

Choose a standard or custom curve.

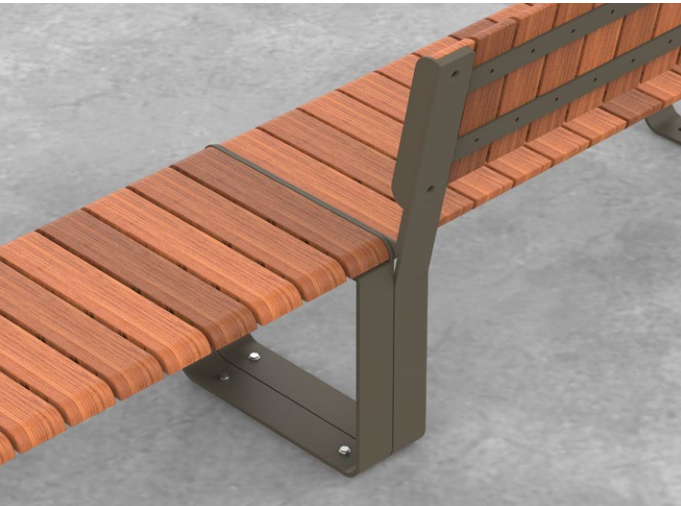

Street Furniture Australia highly recommends using standard curves to save time and cost.

To specify a custom curve, provide the Arc Length (AL) and Internal Radius (IR). The minimum IR for seats is 1500mm, and for benches is 1000mm. If it's a seat, let us know if it's Convex or Concave. A set up fee and additional lead time applies for each custom curve. Consult with a sales representative for more information.

Detail matters

The VT range uses only the most durable materials and considers every detail from safety and comfort to aesthetics and longevity.

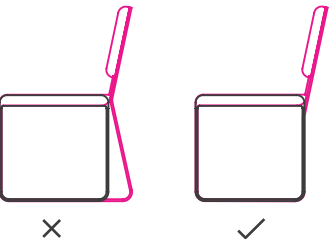

Timber collection

Our timber collection offers a choice between high-performance engineered wood and premium select-grade hardwood, both sustainably sourced and designed to be refreshed or maintained for a lifetime of natural beauty.

A deeper wall bench

For safety, wall-fixed benches (without backrest) feature longer battens to reduce the gap between the wall and bench.

Seamless transition

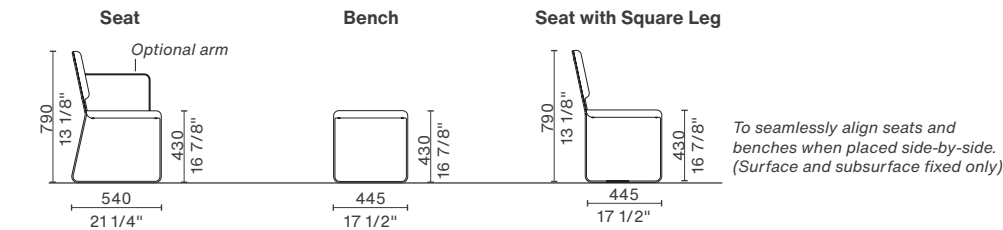

A Square Leg* option is available to seamlessly align seats and benches when placed side-by-side.

**Surface and subsurface fixed only.*

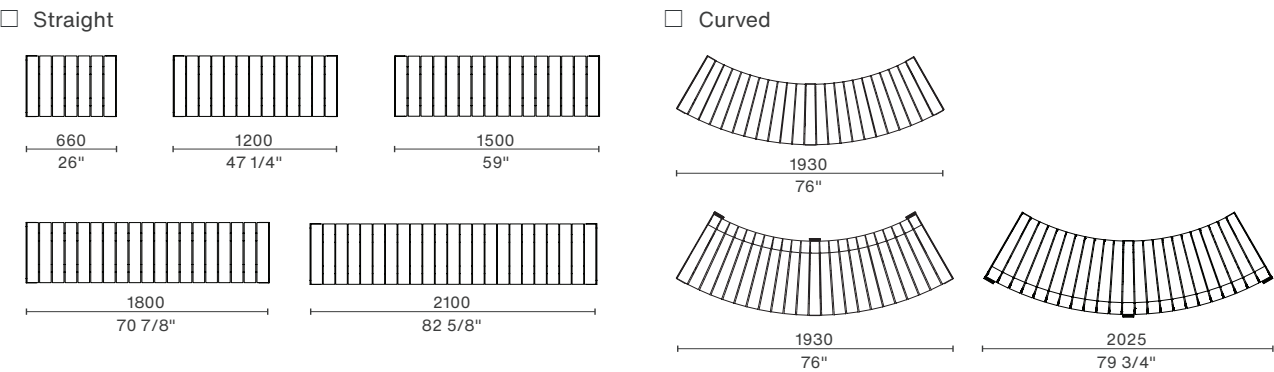

How to order

Select one per category to specify your product.

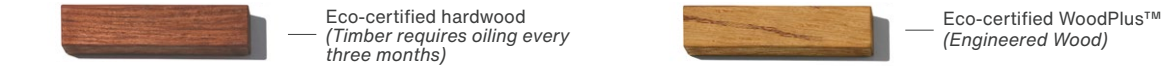

1. Select product

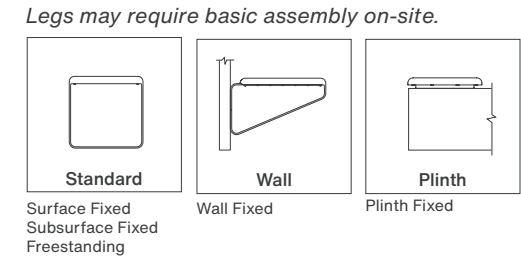

2. Select length

3. Select batten

4. Select mounting

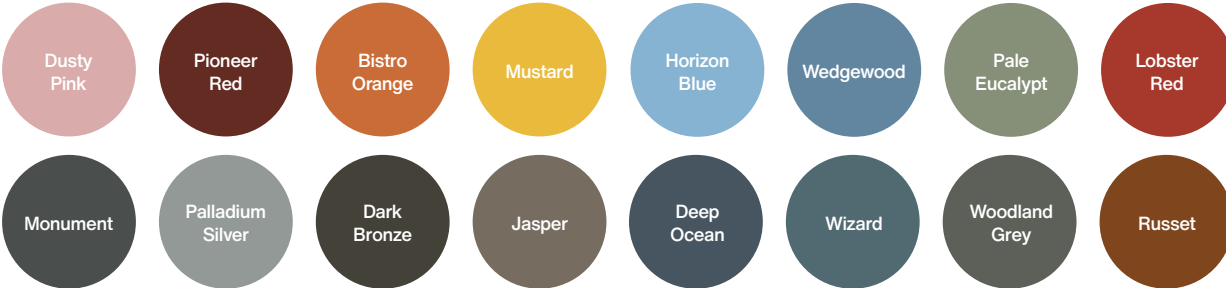

5. Select seat arms

When specified with arms, the VT Seat meets ADA and DDA requirements and is fully compliant with AS1428.2.

- None
- 2 end arms, in same finish as frame
- Tailored

6. Select frame colour

For the full colour chart, go to streetfurniture.com/colour-chart

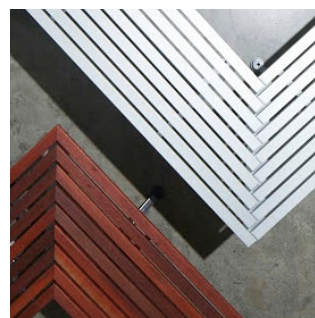

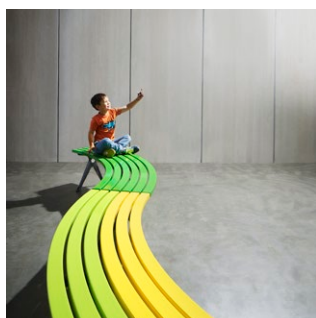

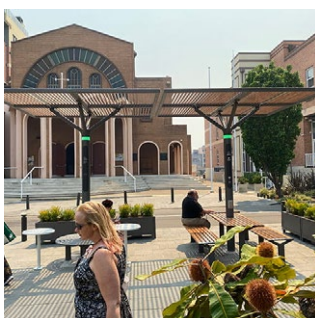

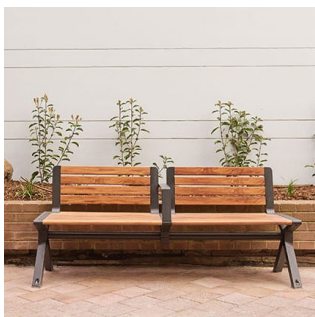

Colours shown are indicative only, variations may occur in printing.

For further tailoring, contact us to speak with a sales consultant.
